

Temporary Service Rule and Regulation 13

I. Conditions for Temporary Service

SMUD will furnish temporary service to operations of a speculative nature or questionable permanency if the applicant for temporary service:

1. Pays to SMUD, in advance or as SMUD may direct, the estimated cost to SMUD of installing and removing all facilities specifically required for such temporary service; and
2. Establishes credit pursuant to Rule and Regulation 6.

SMUD reserves the right to charge a temporary service customer for any additional construction work needed solely for the continuation of temporary service, or to refuse service if such service would, in SMUD's judgment, prove a hardship or hazard to it or its customers.

There shall be no connection of customer-owned generation facilities under this rule.

II. Refund of Temporary Charges

Within three years of the date when service was first delivered, service will be considered permanent and payments made in excess of delinquent meter and service charges shall be refunded without interest when a customer served under this rule has requested a refund of temporary charges, and has:

1. Installed sewer, water, and foundation; or
2. Operated the same or greater electrical load originally installed for a period of 36 consecutive months from the date when service was first delivered under this rule.
