

RESOLUTION NO. 12-06-05

WHEREAS, Government Code section 911.2 establishes shortened filing deadlines for claims against governmental entities; and

WHEREAS, Government Code section 905 exempts governmental entities from complying with the shortened timeline unless the SMUD Board determines otherwise (Gov. Code, § 935); and

WHEREAS, imposing the shortened filing deadlines for claims against SMUD by other governmental entities will reduce SMUD’s litigation risk and create parity with other local governmental agencies who have set shortened filing deadlines;

NOW THEREFORE,

**BE IT RESOLVED BY THE BOARD OF DIRECTORS
OF THE SACRAMENTO MUNICIPAL UTILITY DISTRICT:**

That this Board hereby requires that California public entities excepted from the claim filing requirements of the California Government Code by section 905(i) of that code comply with all claim filing requirements specified in the California Government Code section 911.2(a) when filing a claim against the Sacramento Municipal Utility District pursuant to the authority provided to the Board to implement said requirement by California Government Code section 935(a).
